

AI / ROBOTICS / CONNECTED TECHNOLOGY

Intelligence, engineered for impact.

Technology expertise. Strategic perspective. Tailored execution.

BUILT AROUND YOUR BUSINESS

ISBE Global Infra PVT LTD brings together technology, engineering and strategic advisory to solve complex industry challenges. Under ISBE Group leadership, we connect intelligent systems with business priorities to improve efficiency, strengthen operations and create lasting value.

OUR VISION

Advance sustainable growth through practical innovation, modern technology and resilient digital infrastructure.

Connected expertise.

Practical solutions.

From intelligent software to connected infrastructure, our multidisciplinary approach aligns technology choices with operational needs and long-term growth.

Artificial intelligence

AI/ML, predictive analytics, computer vision and intelligent applications for better decisions.

Robotics & automation

Integrated hardware and software to improve productivity, precision and operational efficiency.

Connected technology

Smart sensors, wireless networks and Industry 4.0 systems for asset and workforce visibility.

Custom digital platforms

Scalable software, enterprise applications and connected workflows tailored to business needs.

Infrastructure advisory

Multidisciplinary planning, engineering collaboration and sustainable project development.

Strategy & growth

Business transformation, commercialization, strategic partnerships and investment advisory.

HOW THE PIECES WORK TOGETHER

SECTORS WE SERVE

Manufacturing & energy / Infrastructure & construction / Education
Healthcare / Enterprise & supply chain / Public-sector operations

Past Partners & Collaborators

Marubeni

Marubeni

Capgemini

Rolls-Royce

BRAINWAVE SCIENCE

Brainwave Science

IIT Kanpur

IIT Patna

Government of UP

Leadership & Expertise

Technology, infrastructure, enterprise strategy and human capability - brought together by a multidisciplinary leadership team.

Sandeep Suman

Chairman & Mentor

Sandeep brings more than 20 years of experience in infrastructure, construction and growth strategy across India and international markets. He advises leadership teams on business transformation, strategic partnerships, joint ventures and sustainable development. An IIT Roorkee graduate and IIFT alumnus, he holds a master's in Construction Management from SPA Delhi.

Dr. Himanshu Singh

CEO

Himanshu combines deep technical expertise with commercial leadership across AI, robotics, IoT and healthcare innovation. His experience spans technology ventures, product commercialization and large-scale business transformation. An IIT Kanpur graduate, he holds a PhD from the National University of Singapore and an MBA from the University of Virginia Darden School of Business.

Dr. Shankar Goenka

Advisor

Shankar brings entrepreneurial and advisory experience across education, leadership development and drone ecosystems. An author, coach and speaker, he specializes in Whole Brain Thinking, organizational capability and transformational leadership. His experience spans industry and public institutions, alongside drone manufacturing, services and training for agriculture, survey and surveillance applications.

TECHNOLOGY & GROWTH TEAM

Mansi Sharma

Technology & Business Strategy

A software engineer with 10+ years of experience in software, product development and business strategy. Mansi brings expertise in AI/ML, scalable solutions, technology commercialization and strategic partnerships, with a focus on building and scaling technology-driven ventures.

Manas Chaudhary

Venture Building & Growth

A software engineer with 12+ years of experience in technology business development, startup scaling and strategic investments. Manas drives client acquisition, partnerships and product commercialization across robotics, IoT, e-commerce and AI-led businesses.

LET'S BUILD WHAT'S NEXT.
